

## **Quarterly Report of Appeals, Complaints and Advice – EE Strict**

The BBFC is the regulator of commercial and internet content delivered via the mobile network of EE for its 'Strict' level of mobile content.

In the interest of transparency, the BBFC publishes all of its adjudications in relation to cases reported to it of purported underblocking or overblocking, along with requests for advice on whether particular content should go behind parental controls or adult filters.

We keep this list updated as and when new cases are reported to us and publish updates every three months.

In all cases, the BBFC conveys its adjudication to (i) the complainant, appellant or person or body seeking advice; and (ii) the mobile network operator EE.

In the following cases, the adjudications represent an assessment of the content according to the terms of the BBFC's EE Strict Classification Framework. Any subsequent changes to content have therefore not been viewed by the BBFC, although we reserve the right to change our adjudication should altered content be brought to our attention subsequently.

All websites that the BBFC would classify 18 or R18, or refuse to classify, would be automatically considered unsuitable for the EE Strict Classification Framework. Further information on the original Quarterly Report adjudications are available on the BBFC's website [here](#).

#### Website

saucyjena.com

#### Adjudication

The BBFC viewed the website on 5 May 2017.

We noted that it was a site containing picture galleries, blogs and links to third party websites, and focussed on the self-expression of the website owner. Due to the presence of some suggestive images, references to STDs and a link to the website loveandfetish.com, we did not consider the website suitable for children under the age of 12.

#### Adjudication

The BBFC viewed the website on 8 June 2017.

We noted that it was a site offering business consultancy services with brief descriptions of the services available, a short biography of the site owner, and email and telephone contact details. As such, we found no content that we would consider unsuitable for children under 12.
